 Agree, the values moved up since my email. I agree with the \$0.17 for \$55,650 worth which is 327,352.941 LBC. If you agree I will send the wire now and Jim will provide the address.

 Hi Phil-

I am getting 0.183 USD using the latest Bittrex and Coinbase quotes for LBC and BTC.

I think 0.17 is fair with the 5% at this time.

 Hi Josh,

Seeing LBC trading at 0.17 today. With the 5% discount, that would bring the price to 0.16. We need \$55,650 which would be 347,812.50 LBC. Let me know if you agree. I can initiate the wire now and then Jim will provide the wallet address later today.

Best,  
 Phil

Hi Phil-

I don't see why not.

If Jeremy has any comments he can reply, otherwise our banking info is the same and we'll lock the price tomorrow.

Hi Josh,

Hope all is well. We are looking to buy some LBC for our Club 5 and 6 and would like to settle the trade tomorrow. We would be looking for \$24,150 for Club 5 and \$31,500 for Club 6 for a total of \$55,650. Can I reach out tomorrow to settle on a price and settle the trade?

Phil
